

GUIDELINES FOR 'THE ENGINEER' 2019 JOURNAL ARTICLES, FIFTH ISSUE

"The Engineer" is an annual Journal publication of the Engineers Registration Board (ERB). Articles published in "The Engineer" Journal are of engineering nature and associated services. The ERB encourages articles from ALL Engineering Disciplines (Civil, Mechanical, Electrical, Telecommunications, Chemical, Petroleum, and Energy, among others). The First Issue 001 was published in September 2015 and unveiled during the Engineering Forum of September 2015. The Second Issue 002 was similarly published in 2016 as part of the activities of the Engineers Forum. The Third Issue 003 was similarly published in 2017 as part of the activities of the Engineers Forum. The recent Fourth Issue was unveiled at the 2018 Engineers Forum in October 2018 and published by 8M CD. Presently, preparations are ongoing to publish the Fifth Issue which will be special as we celebrate the ERB's 50years anniversary.

Guidelines for The Engineer 2019

1. Submitted Articles should not exceed a maximum of 1000words;
2. All submissions should be in the English Language, prepared using Microsoft Word Application Version 2010 or latest; and aligned in the acceptable forms of the ERB shared template with clear high-resolution pictures
3. Articles can be sourced from engineering projects being undertaken at the author's place of work / organization – Case Studies;
4. Articles can be from completed or on-going Research at Universities, Companies, and other Research Institutions;
5. Articles in the form of Technical Notes summarizing content of Engineering Reports submitted for purposes of registration with the ERB are also acceptable;
6. Articles shall be either the original work of the author(s) or with due acknowledgement of work from other sources, using the APA referencing style.
7. Submitted articles should be in the English Language, prepared using Microsoft Word Application Version 2010 or latest; and aligned in the acceptable forms of the ERB shared template with clear high-resolution pictures.
8. Submitted article should send through email in the MS Word and PDF format.
9. The Authors must submit passport photos (high resolution in jpg format), contact email addresses and a brief biography of 100-200 words.
10. Images submitted should be 300dpi (dots per inch) and a minimum of 8X10 inches. All images included in the articles/papers should be submitted separately in their original JPEG formats.

Submission: Articles should be submitted to the ERB by e-mail to admin@erb.go.ug with copy to h.mwesigwa@8mconstruction.com (8MCD) not later than 31st October 2019. Any inquiries can also be addressed to both the ERB and 8M CD via the same addresses.
